Please plan to participate on Monday's webex with GE. Jennifer will be setting up a WebEx and sending out the call-in information.

I have attached the revised agenda that I plan to send to her tomorrow morning.

I may also set up a brief planning call for our group on Monday morning.

Scott and Earl, I have invited you as "optional" because I know you are not available for the full time slot. Please call in if you feel you will be able to contribute.
